Trustee Report

The Board of Directors of Union KBC Trustee Company Private Limited has great pleasure in presenting the First Annual Report and the Audited Accounts of the Schemes of Union KBC Mutual Fund for the Financial Year ended March 31, 2012.

Brief Background of Sponsors, Trust, Trustee Company and Asset Management Company (AMC)

Union KBC Mutual Fund

Union KBC Mutual Fund ("the Mutual Fund" or "the Fund") was set up as a trust on December 1, 2010 with Union KBC Trustee Company Private Limited (the Trustee) as a Trustee in accordance with the provisions of the Indian Trusts Act, 1882 (2 of 1882) and is duly registered under the Indian Registration Act, 1908 with Union Bank of India (51% stake) and KBC Participations Renta (49% stake) as the Sponsors. The Trustee has entered into an Investment Management Agreement (IMA) dated December 2, 2010 with Union KBC Asset Management Company Private Limited (the AMC) to function as the Investment Manager for all the schemes of the Mutual Fund. The Mutual Fund was registered with SEBI on March 23, 2011 under Registration Code MF/066/11/01.

The Sponsors of Union KBC Mutual Fund

Union KBC Mutual Fund is sponsored by Union Bank of India and KBC Participations Renta. The Sponsors are the Settlers of the Mutual Fund Trust. The Sponsors have entrusted a sum of ₹ 1,00,000 each to the Trustee as the initial contribution towards the corpus of the Mutual Fund.

Union Bank of India is one of the leading public sector banks in India, registered on November 11, 1919 as a limited company and is headquartered in Mumbai. The Bank has a network of over 3000 branches across the length and breadth of the country and around 30 million customers. Moreover, all of these branches are integrated under the Core Banking Solution. Union Bank of India was one of the first large public sector banks in the country to have implemented 100% networking of branches.

KBC Participations Renta is a 100% subsidiary of KBC Asset Management NV which is a leading Belgian Asset Manager mainly active in Belgium and Central Europe. KBC Asset Management's results are indicative of its expertise and know how in the asset management business, innovative products and close cooperation with its distributors and extended focus on trainings, coaching and offering of investment advice, which will be made available to Union KBC Asset Management Pvt. Ltd.

Union KBC Trustee Company Private Limited (the Trustee)

Union KBC Trustee Company Private Limited is a company incorporated under the Indian Companies Act, 1956 and was incorporated on December 30, 2009 having its Registered Office at 7th Floor, Piramal Tower, Peninsula Corporate Park, Ganpatrao Kadam Marg, Lower Parel (West) Mumbai - 400 013.

The Trustee is the exclusive owner of the Trust Fund and holds the same in trust for the benefit of the unit holders. Union KBC Trustee Company Private Limited, through its Board of Directors, has been discharging its duties and carrying out the responsibilities as provided in the SEBI (Mutual Funds) Regulations, 1996 (the Regulations) and the Trust Deed. The Trustee seeks to ensure that the Fund and the Schemes floated there under are managed by the AMC in accordance with the Trust Deed, the Regulations, directions and guidelines issued by SEBI, the Stock Exchanges, the Association of Mutual Funds in India (AMFI) and other regulatory agencies.

Union KBC Trustee Company Private Limited (the "Trustee"), through its Board of Directors, shall discharge its obligations as trustee of the Union KBC Mutual Fund. The Trustee ensures that the transactions entered into by the AMC are in accordance with the SEBI Regulations and will also review the activities carried on by the AMC and is the Trustee to Union KBC Mutual Fund.

Scheme	Date of Launch	Maturity Date
Union KBC Fixed Maturity Plan - 92 Days - Series 1	18-10-2011	19-01-2012
Union KBC Fixed Maturity Plan - 92 Days - Series 2	05-12-2011	20-03-2012

Market Review

Equity Market

The performance of the Indian equity market was poor during the Financial Year 2011-2012 with the Benchmark equity indices recording negative returns of 9.23% (S&P CNX NIFTY, BSE-100) and 10.50% (BSE SENSEX). Mid-cap equities performed relatively well as compared to the Large-cap companies, although in absolute terms, the BSE Midcap Index also fell by 7.67%. The Benchmark indices were falling for the most part of the year, with the bottom forming around December 2011, which was followed by a strong rally during the months of January and February 2012, which dissipated towards the end of March 2012.

Both external and internal reasons can be cited for the poor performance of the equity markets during Financial Year 2011-2012. The Euro-zone Crisis on account of the poor fiscal health of the peripheral countries of Portugal, Spain, Ireland, Italy and Greece (PIIGS) resulted in grief for the markets in terms of a 'Risk-off' approach by the global investors. It also led to relief for the markets as central banks the world over resorted to high liquidity and low interest rates which resulted in a partial flow of funds to the equity markets as risk appetite returned towards the end of the fiscal year. Somewhere around July 2011 concerns related to the increase of debt ceiling in the US surfaced as investors worried about politics prevailing over fiscal necessity.

Locally, as inflation continued to soar and the Reserve Bank of India (RBI) continued with its relentless action of increasing interest rates, economic growth started to get impacted. Investments across the economy from both the corporate sector and individuals slowed down. The rising price of Oil triggered by turmoil in the Middle East and the depreciation of the Rupee inflicted pain on the Indian economy. While the government made efforts to implement reforms like increasing the FDI limits in multi-brand retail, the markets did not see these reforms as going far enough and in any case many of the reforms did not get through parliament. Foreign Institutional Investors (FIIs) already in 'Risk-off' mode started pulling out funds from the Indian equity markets. By end December 2011 a total of ₹ 26.8 billion had been pulled out by FIIs.

However, post December 2011, the global sentiment changed completely as investors started investing in equity markets, hopeful of a successful resolution to the Greek sovereign debt crisis and on the back of positive indications from the US economy (good GDP growth and low unemployment rate). The Indian equity markets received positive FII inflows up to mid March 2012, however post the Union Budget on the 16th March and due to the confusion relating to the General Anti Avoidance Rules on taxation (GAAR) the markets gave back some of these gains towards the end of March 2012.

Bond Markets

Inflation was the key macro-economic concern during Financial Year 2011-12. Headline WPI averaged 8.8% during the year. To contain the inflationary concerns, RBI continued to raise the benchmark Repo rate, which peaked at 8.5% in November 2011 and remained at that level till end of March 2012. Meanwhile, system liquidity also remained in deficit as desired by RBI which put additional upward pressure on the short-term money market rates. And as would be expected, rising rates slowed down the broader economy with GDP growth falling to 5.3% during Quarter 4 FY12.

This coupled with higher fiscal and current account deficits put adverse pressure on Rupee which depreciated from ₹ 44.4/USD at the start of the year to ₹ 50.9/USD by end-March 2012. Government borrowing to fund fiscal deficit also came in higher than market expectations. These macro-economic concerns saw the yield on 10-year benchmark government paper climb up to 8.96% in November 2011 and ended the year at 8.54%. Short term money market rates remained high throughout the year with 3-month and 1-year Certificate of Deposits averaging 9.4% and 9.8% respectively. Overall this was a year with significant macro-economic concerns and comparatively higher interest rates.

Investment Objectives and Performance of the Schemes

1) Union KBC Equity Fund:

An Open Ended Equity Scheme, the investment objective is to achieve long-term capital appreciation by investing substantially in a portfolio consisting of equity and equity related securities. However, there can be no assurance that the investment objective of the scheme will be achieved.

As on March 31, 2012, the scheme has not completed one year. The Scheme outperformed the Benchmark since inception till March 31, 2012. The Fund was overweight in defensives like Healthcare, IT and consumer sector which helped the outperformance to the benchmark.

2) Union KBC Liquid Fund:

An Open-Ended Liquid Scheme, the investment objective is to provide reasonable returns commensurate with lower risk and high level of liquidity through a portfolio of money market and debt securities. However, there can be no assurance that the investment objective of the scheme will be achieved.

As on March 31, 2012, the scheme has not completed one year. The Scheme has outperformed the CRISIL Liquid Fund Index since inception till March 31, 2012.

3) Union KBC Tax Saver Scheme

An Open-ended Equity Linked Savings Scheme with a lock in period of 3 Years, the investment objective is to generate income and long-term capital appreciation by investing substantially in a portfolio consisting of equity and equity related securities. However there can be no assurance that the investment objective of the scheme will be achieved.

As on March 31, 2012, the scheme has not completed one year. The Scheme was launched in the month of December 2011 and completed only 3 months during the financial year ended March 31, 2012, during which period the fund portfolio was being built due to which the fund had high level of cash, which caused the fund to underperform the benchmark.

4) Union KBC Dynamic Bond Fund

An Open-Ended Debt Scheme, the investment objective is to actively manage a portfolio of good quality debt as well as money market instruments so as to provide reasonable returns and liquidity to the investors. However, there can be no assurance that the investment objective of the scheme will be achieved.

As on March 31, 2012, the scheme has not completed one year. Since inception till March 31, 2012, the scheme has underperformed the CRISIL Composite Bond Index.

5) Union KBC Fixed Maturity Plan - 92 Days - Series 1

A Close-ended Income Scheme, the investment objective is to seek to generate income/ capital appreciation by investing in a portfolio of debt and money market instruments maturing on or before the maturity of the Scheme. However, there is no assurance that the investment objective of the Scheme will be realized and the Scheme does not assure or guarantee any returns.

The scheme matured on January 19, 2012.

6) Union KBC Fixed Maturity Plan - 92 Days - Series 2

A Close-ended Income Scheme, the investment objective is to seek to generate income / capital appreciation by investing in a portfolio of debt and money market instruments maturing on or before the maturity of the Scheme. However, there is no assurance that the investment objective of the Scheme will be realized and the Scheme does not assure or guarantee any returns.

The scheme matured on March 20, 2012.

Significant Accounting Policies: Accounting Policies are in accordance with Securities and Exchange Board of India (Mutual Fund) Regulations, 1996.

Future Outlook:

Equity Market

The Equity markets are today facing multiple headwinds both on the domestic front as well as on the international front. Globally, it is the Euro-zone crisis which is keeping market participants worried, as the fall-out could have severe implications for investors and the risk appetite for emerging markets like India could decline in the event of any abrupt disruption of capital markets. Even an orderly resolution of the crisis, could see an impact on Euro-zone growth in the medium term on account of the structural problems facing many of the countries in that area. However slower growth in Europe could improve the situation vis-à-vis the demand for oil and other commodities, and the prices of same in India's favour.

India still needs significant foreign capital inflows to fund its growth and Current Account deficit. In order to secure this capital India has to demonstrate its ability to grow relatively faster than other economies in the world. For this to happen, many factors will have to converge. Firstly, inflation would have to settle at a level within the comfort zone of the RBI for it to start cutting rates aggressively to spur growth. Secondly the INR needs to stabilize at a reasonable level to ease the pressure on the Rupee denominated price of Oil and other commodities. Finally the Government of India needs to manage the Fiscal situation better in order to provide the comfort to foreign capital to find its way into India. While the prospects of all of this happening in the current financial year are good, markets could be volatile in the short to medium term, reacting to news as it emanates from India and Overseas.

Bond Market

Indian economic growth has softened substantially during the recent quarters. Considering that the core inflation has reduced from 7.9% (November 2011) to 4.8% (May 2012) and with crude prices also trending down, RBI does seem to have room for further monetary easing. Lower fuel subsidy on back of recent increase in retail fuel prices of petrol would also likely ease the pressure on the rising fiscal deficit. However, the consolidated fiscal deficit continues to remain high relative to historic levels. Thus, at a time when there is limited room for fiscal stimulus to try reviving the economy, expectations are high from monetary policy. We expect interest rates to further soften during Financial Year 2012-2013. A major caveat to this outlook is that the Rupee has depreciated by more than 10% in the first two months of fiscal year 2012 - 2013 on account of high current account deficit and this may limit aggressive rate cuts from RBI.

Investors Services

Union KBC Mutual Fund (The "Fund") is presently servicing more than 43,000 investor accounts and has its investor service presence at 16 locations across India. Additionally, the Fund uses the services of Investor Service Centres (ISC) of its Registrar & Transfer Agent - M/s Computer Age Management Services Pvt. Ltd. (CAMS) at 212 locations, spread across the country for servicing the investors of the schemes. The Fund has introduced the following facilities during the year:

1. Debit mandate facility on the application. The unit holder having accounts in Union Bank of India need not write out cheques while investing with us.
2. Transaction facilities through Union Bank ATM - This facility gives the existing investors the advantage of transacting at their convenience without doing any paper work and without having to visit any investor service centre.
3. Online transaction facility through our website (www.unionkbc.com).
4. The investor service team has given special focus on increasing the electronic mode of payment. More than 99% of payments are being made through electronic mode. The money reaches the investors and distributors quicker and also safely. Even the physical cheques issued by the AMC, have several security features which prevent fraudulent encashment.
5. Account Statements are sent by E-mail to the investors who have given their e-mail ids. Even the scheme financial statements will be sent by e-mail wherever e-mail ids are available.
6. Regular Communications are being sent through e-mail wherever the e-mail ids are available.
7. Periodic campaigns are launched for obtaining e-mail ids from more investors.
8. Transaction Confirmations are sent through SMS.
9. Continuous efforts to obtain mobile numbers of investors for quicker communication.
10. The delivery of physical cheques and encashment thereof is closely monitored. There are no Returned Un-Delivered cheques and/or any unclaimed amounts.

In the coming years, the AMC may continue to focus on meeting investors needs through innovative products and services that are comparable with the best in the industry. The AMC also intends to grow our presence by increasing our geographical coverage and by enhancing our customer service by offering state of the art technology for transactional facilities to investors.

Details of the dividend declared is available on our website: www.unionkbc.com

For the Financial Year 2011 - 2012, there are no unclaimed dividends or redemptions as on March 31, 2012.

VOTING RIGHTS POLICY OF UNION KBC ASSET MANAGEMENT COMPANY PRIVATE LIMITED**Background:**

Union KBC Asset Management Company Private Ltd. (The AMC) is the Asset Management Company for Union KBC Mutual Fund. In terms of the SEBI circular dated 15th March 2010 issued by the Securities and Exchange Board of India (SEBI), the AMC has set out this Voting Policy. The Policy contains the principles that form the basis for exercise of all voting rights attached to the securities issued by the Investee Companies. The AMC believes that these principles are essential to ensure the long-term performance of assets managed by the AMC. The AMC will manage voting rights with the same level of care and skill as it manages the funds. In general, the AMC does not have the intention to participate directly or indirectly in the management of the companies but it will use its influence as the representative of the shareholders amongst others by exercising its voting rights in accordance with the best interests of its fund's unit holders.

Philosophy:

Voting right means, the right of a shareholder to vote on matters of corporate policy and other resolutions. The exercise of voting rights requires the regular monitoring of financial performances, corporate governance matters, industry performances and subsequent consideration of the potential impact of a vote on the value of the securities of the issuer held by the schemes of Union KBC Mutual Fund. In order to discharge its obligations under this policy, the AMC accesses and utilizes research on management performance and corporate governance issues, drawn from its in-house research team, independent research firms amongst others.

The Schemes are entitled to exercise the voting rights attached to the shares held by the respective schemes. The shareholders do not necessarily need to be physically present at the site of the company's annual meeting / extra-ordinary general meeting in order to exercise their right to vote. It is common for shareholders to voice their vote by proxy and accordingly the AMC may do so.

In connection herewith, the AMC will exercise adequate safeguards to address any conflicts of interest with regard to any individual investments. This may imply that the AMC through its representatives may decide to refrain from exercising its voting rights if considered appropriate.

Keeping in mind the administrative exigencies, the AMC may, to start with, choose to exercise its voting rights guided by the following criteria:

- The cumulative holding by all the schemes of Union KBC Mutual Fund in the Company exceeds 0.5% of the total paid up capital of the Company; and/or
- The said Company is among the Top 10 scripts held in total by all the schemes of Union KBC Mutual Fund as on the date of notice of the annual meeting / extra-ordinary general meeting of the Company.

Mutual fund assets will only be voted in the exclusive interest of the unit holders, without taking into consideration the interest of the businesses of Union KBC Group Companies. The strict separation of the AMC's asset management activities from other activities within Union KBC Group prevents access of the Asset Management Company to insider and price sensitive information for which use and/or disclosure of such information could generate conflicts of interest. As a result, Union KBC Group companies inter se may cast different votes on a voting issue.

Voting Guidelines:

The list of corporate matters for which voting rights may be required to be exercised is very wide. However some of the matters are critical for the investors and may impact the value of the investment in the long run. Broadly,

1. The AMC supports resolutions that change the state of incorporation, merger and other corporate restructuring etc. which are in the interest of the shareholder (respective schemes of Union KBC Mutual Fund).
2. The Changes to the capital structure proposed by the company management, which the AMC believes to be in the long term interest of the company and the shareholders shall be supported and the AMC shall oppose such requests as are appearing to be unreasonably dilutive.
3. The AMC shall support proposals for employee equity compensation plans and other employee ownership plans including management compensation and employee benefits provided the same are perceived by the AMC to be in the long term interest of the company and shall enhance shareholder value. The AMC shall oppose generous stock options which could dilute existing shareholders value and also employee compensation perceived to be excessive.
4. The AMC shall evaluate issues relating to social and corporate responsibilities and may support matters which are believed to have significant socio-economic benefits but are not at a cost to the shareholder value.
5. The AMC shall support the Board's nominees in the election of Directors and generally supports proposals that strengthen the independence of the Board of Directors. The AMC believes that the foundation for good corporate governance is the selection of responsible, qualified, independent corporate Directors who are likely to diligently represent the interest of the Shareholders and oversee the management of the company in a manner that will seek to maximise shareholder value over time.
6. Other proposals submitted to shareholders related to selection of the auditors, amendments to the company's charter or by-laws and Issues, including those business issues specific to the issuer or those raised by shareholders of the issuer, would be addressed on a case-by-case basis with a focus on the potential impact of the vote on shareholder value. The AMC reserves the right to vote against any resolution that goes against the interest of its unit holders.

Decision Making Process:

The decision regarding the voting on the resolutions of the Investee companies, i.e whether the AMC will vote for or against the resolution or refrain from voting shall be jointly taken by the Fund Manager and the Chief Investment Officer (CIO). In case the CIO is the Fund Manager or in case the CIO is absent, the decision will be taken jointly by the Fund Manager and the Chief Executive Officer (CEO).

The AMC may consult other Institutional Shareholders and may consider the inputs from external agencies to arrive at the decision, if so required.

Conflict of Interest:

The AMC by virtue of being promoted by two large Financial Institutions with many affiliates may be in a situation of conflict of interest. Conflict of interest may arise on account of the following situations

1. The Investee Company is a Group Company of the AMC
2. The Investee Company is a client of the AMC, by virtue of its investments in the schemes of Union KBC Mutual Fund
3. The affiliates of the AMC are lenders to the Investee Company
4. The Investee Company has a business association with the AMC.

In such cases, the AMC will continue to ensure that the voting is in the best interest of the unit holders. However, if, in the opinion of the AMC, there is a conflict of interest in any particular resolution, the AMC may refrain from voting in such a case.

Voting Rights exercised by the AMC in the case of Group Companies and the Companies which have subscribed to the units of any of the Schemes of Union KBC Mutual Fund at the time of exercising the voting rights by the AMC, will be reported periodically to the Boards of the AMC and Trustee Company.

Review and Control Process:

The Risk Committee of the AMC shall review the voting rights exercised by the AMC periodically. The Risk Department of the AMC shall independently monitor the adherence to this Policy.

Delegation of Authority:

Any of the following personnel/ representatives of the AMC or an externally authorised agency would be delegated the responsibility for exercising the voting rights by the Managing Director or the CEO (by whatever designation called) or the CIO:

- CIO
- Fund Manager (s)
- Head - Compliance
- Company Secretary
- Head - Research/ Research Analyst(s)
- Any other representative thought fit, depending on the matter on which vote is to be exercised.
- Representative of an externally authorized agency such as the Custodian

Exceptional circumstances:

There may be circumstances where the AMC believes it is in the best interests of the Fund to vote differently than in the manner contemplated by the Guidelines. The ultimate decision as to the manner in which the AMC's representatives / proxies will vote rests with the AMC.

Disclosures:

This Policy shall be disclosed on the Website of the AMC and shall also be published in the Annual Report distributed to the Unit Holders. The actual exercise of the proxy votes in the AGMs/EGMs of the investee companies in any of the following matters shall be disclosed in the Annual Report to the Unit Holders and on the Website of the AMC:

1. Corporate governance matters, including changes in the state of incorporation, merger and other corporate restructuring, and anti takeover provisions.
2. Changes to capital structure, including increases and decreases of capital and preferred stock issuances.
3. Stock option plans and other management compensation issues;
4. Social and corporate responsibility issues
5. Appointment and Removal of Directors.
6. Any other issue that may affect the interest of the shareholders in general and interest of the unit-holders in particular.

Review of the Voting Policy:

The Policy shall be subject to annual Review and the reviewed policy with the changes, if any, will be placed for the approval of the Board of the AMC.

Details of Actual Exercise of Proxy votes during FY 2011 - 2012:

For details on Actual Exercise of Proxy votes during FY 2011 - 2012 please refer to Annexure A.

Statutory Details

The Sponsors are not responsible or liable for any loss resulting from the operation of the Schemes of the Fund beyond their initial contribution (to the extent contributed) of ₹ 1,00,000 each for setting up the Fund, and such other accretions / additions to the same.

The price and redemption value of the units, and income from them, can go up as well as down with fluctuations in the market value of its underlying investments.

Full Annual Report shall be disclosed on the website (www.unionkbc.com) and shall be available for inspection at the Head Office of the mutual fund. Present and prospective unit holder can obtain copy of the trust deed, the full Annual Report of the Fund / AMC at a price.

Acknowledgements

Union KBC Mutual Fund is grateful to its investors / unit holders for reposing faith and confidence in it. The Fund expresses its deep gratitude to the Securities and Exchange Board of India (SEBI), Association of Mutual Funds in India (AMFI), Reserve Bank of India (RBI) and other regulatory authorities, Auditors, Registrars, Custodians and Bankers for their continued support, advice and co-operation.

For Union KBC Trustee Company Private Limited**Chairman**

Place: Mumbai

Date: June 22, 2012

Annexure A:

Disclosure of exercise of proxy votes in Equity Holdings across all schemes of Union KBC Mutual Fund (Financial Year 2011-12)

Consolidated Auditors' Report

To the Trustee of

UNION KBC MUTUAL FUND:

1. We have audited the attached balance sheets of the schemes mentioned below (collectively 'the Schemes') as at 31 March 2012 and also the revenue accounts, for the period as mentioned below, annexed thereto. These financial statements are the responsibility of the management of Union KBC Asset Management Company Private Limited, the Schemes' asset manager. Our responsibility is to express an opinion on these financial statements based on our audit.

Name of the Scheme	Period covered by revenue account
Union KBC Equity Fund	10 June 2011 to 31 March 2012
Union KBC Liquid Fund	15 June 2011 to 31 March 2012
Union KBC Tax Saver Scheme	23 December 2011 to 31 March 2012
Union KBC Dynamic Bond Fund	13 February 2012 to 31 March 2012

2. We conducted our audit in accordance with auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
3. We report that:
- i. We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - ii. The balance sheets, revenue accounts and cash flow statements dealt with by this report are in agreement with the books of account.
 - iii. In our opinion, the balance sheets and revenue accounts dealt with by this report have been prepared in conformity with the accounting policies and standards specified in the Ninth Schedule to the Securities and Exchange Board of India (Mutual Funds) Regulations, 1996 ('the SEBI Regulations').
 - iv. In our opinion, and on the basis of information and explanations given to us, the methods used to value non traded securities, where applicable, as at 31 March 2012 are in accordance with the SEBI Regulations and other guidelines issued by the Securities and Exchange Board of India as applicable and approved by the Board of Directors of Union KBC Trustee Company Private Limited, and are fair and reasonable.
 - v. In our opinion, and to the best of our information and according to the explanations given to us, the said financial statements give the information required by the SEBI Regulations as applicable, and give a true and fair view in conformity with the accounting principles generally accepted in India:
 - a) in the case of the balance sheets, of the state of affairs of the Schemes as at 31 March 2012;
 - b) in the case of the revenue accounts, of the scheme wise surplus/deficit for the period as mentioned above; and
 - c) in the case of the cash flow statements, of the cash flows for the period as mentioned above.

SCHEDULES TO THE FINANCIAL STATEMENTS FOR THE PERIOD ENDED MARCH 31, 2012
Schedule 7: SIGNIFICANT ACCOUNTING POLICIES AND NOTES TO ACCOUNTS:
1 Background

Union KBC Mutual Fund is sponsored by Union Bank of India and KBC Participations Renta, a 100% subsidiary of KBC Asset Management NV.

In conformity with the Securities and Exchange Board of India (Mutual Funds) Regulations, 1996, Union KBC Asset Management Company Private Limited ("the AMC") has been set up to act as the Asset Management Company to Union KBC Mutual Fund. In terms of the Investment Management Agreement (IMA) dated December 2, 2010 entered into between Union KBC Trustee Company Private Limited and the AMC, the AMC has been appointed as the Investment Manager to the Schemes of Union KBC Mutual Fund.

The key features of the Schemes of Union KBC Mutual Fund are as follows:

Union KBC Equity Fund

Union KBC Equity Fund was launched on June 10, 2011 as an open ended equity scheme.

The scheme offers the following options:

- Growth Option
- Dividend Option

The Investment objective of the Scheme is to achieve long-term capital appreciation by investing substantially in a portfolio consisting of equity and equity related securities.

Union KBC Liquid Fund

Union KBC Liquid Fund was launched on June 15, 2011 as an open ended liquid scheme.

The scheme offers the following options:

- Growth Option
- Dividend Option
 1. Daily Dividend Frequency
 2. Weekly Dividend Frequency
 3. Fortnightly Dividend Frequency
 4. Monthly Dividend Frequency

The Investment objective of the Scheme is to provide reasonable returns commensurate with lower risk and high level of liquidity through a portfolio of money market and debt securities.

Union KBC Tax Saver Scheme

Union KBC Tax Saver Scheme was launched on December 23, 2011 as an open ended equity linked savings scheme with lock in period of 3 Years.

The scheme offers the following options:

- Growth Option
- Dividend Option

The Investment objective of the Scheme is to generate income and long-term capital appreciation by investing substantially in a portfolio consisting of equity and equity related securities.

Union KBC Dynamic Bond Fund

Union KBC Dynamic Bond Fund was launched on February 13, 2012 as an open ended debt scheme.

The scheme offers the following options:

- Growth Option
- Dividend Option

The Investment objective of the Scheme is to actively manage a portfolio of good quality debt as well as money market instruments so as to provide reasonable returns and liquidity to the investors.

Presentation of these separate Balance sheets and Revenue accounts in a columnar form is not intended to indicate that they bear any relation to each other, or are interdependent or comparable in any way.

2 Significant Accounting Policies
A. Basis of Accounting

The financial statements are prepared and presented on the accrual basis of accounting, under the historical cost convention, as modified for investments which are 'marked-to-market'. The significant accounting policies, which are in accordance with the SEBI

Regulations and have been approved by the Boards of Directors of the AMC and the Trustee, are stated below.

B. Computation of net asset value

- a) The net asset value of the units of the scheme is determined separately for the units issued under the Options.
- b) For reporting the net asset values within the portfolio, the scheme's daily income earned, including realized profit or loss and unrealized gain or loss in the value of investments, and expenses incurred, are allocated to the related options in proportion to their respective daily net assets (net assets of previous day plus subscription and redemption for the day) of the Option.

C. Revenue recognition

- a. Dividend income is accrued on ex-dividend date.
- b. Interest on coupon bearing investments is recognised on a day to day basis as it is earned.
- c. Appreciation/depreciation in value of securities is computed category wise, wherein the carrying cost is compared with the market/ fair value and the resultant appreciation is credited to unrealized appreciation reserve and any depreciation is charged to the revenue account.
- d. Profit or loss on sale/redemption of investments is determined on the basis of the weighted average cost method.

D. Expenses

- a. All expenses are accounted on an accrual basis.
- b. Expenses (other than management fees) are disclosed inclusive of service tax.

E. Deferred Revenue Expenditure

No initial issue expenses are borne by the scheme.

F. Investments

- a. Transactions for purchase and sale of investments are recorded on trade date.
- b. The cost of investments includes all costs incurred in acquiring the investments and incidental to acquisition of investments e.g. Brokerage, stamp charges, any charge customarily included in the broker's note, CCIL Charges etc.
- c. Bonus entitlements are recognised on ex-bonus dates.
- d. Rights entitlements are recognised on ex-right dates.
- e. On purchase of coupon bearing investments, interest paid for the period from the last interest due date up to the date of purchase is not treated as cost of purchase but is treated as interest recoverable. Similarly, interest received at the time of sale for the period from the last interest due date up to the date of sale is not treated as part of sale value but is treated as interest recovered.

G. Valuation of Investments

Traded securities

Traded equity securities (other than thinly traded) are valued at the closing price on the National Stock Exchange of India Limited (principal stock exchange) (NSE). When on a particular valuation day, a security has not been traded on the principal stock exchange; the value at which it is traded at The Bombay Stock Exchange is used.

Traded debt securities excluding government securities (other than thinly traded) are valued at the weighted average price on National Stock Exchange (NSE)/ Bombay Stock Exchange (BSE) as on the date of valuation on which the security is traded.

Government securities are valued at the prices provided by the agency nominated by AMFI (currently CRISIL & ICRA).

Non traded/thinly traded money market and debt securities with residual maturity up to 91 days

These securities are valued on weighted average amortization basis.

Non traded/thinly traded money market and debt securities with residual maturity over 91 days

These securities are valued at benchmark yield/ matrix of spread over risk free benchmark yield obtained from agencies, namely CRISIL and ICRA entrusted for the said purpose by AMFI.

In case of Treasury Bills, the price used is the average of the prices provided by CRISIL and ICRA., agencies entrusted for the said purpose by AMFI.

All investments are stated at their market/fair value at the balance sheet date.

H. Unit Capital

Unit capital represents the net outstanding units at the balance sheet date thereby reflecting all transactions relating to the period ended on that date.

Upon issue/redemption of units, the net premium or discount to the face value of units is adjusted against the unit premium reserve of each Option, after an appropriate portion of the issue proceeds and redemption payouts is credited / debited to the equalization account, a mandatory requirement for open ended mutual fund schemes.

I. Equalization Account

When units are issued or redeemed, the distributable surplus as on the date of the transaction is determined. Based on the number of units outstanding on the transaction date, the distributable surplus associated with each unit is computed. The per unit amount so

determined is credited / debited to the equalization account on issue / redemption of each unit respectively.

The balance in equalization account is transferred to revenue account at the year end without affecting the net income of the Scheme.

J. Entry and Exit Load

No entry load is charged by the scheme(s) from investors.

From the exit load charged to the investor, a maximum of 1% of the redemption proceeds is being retained under a separate account in the Scheme's books and is utilized to meet the marketing, selling and distribution expenses of the Scheme. The balance amount over and above 1% is credited to the Revenue Account of the Scheme. Any unutilized amount of Exit load collected is carried forward as liability for utilization in subsequent periods.

K. Cash and cash equivalents

Cash and cash equivalents include balances with banks in current accounts; deposits placed with scheduled banks (with an original maturity of up to three months) and collateralized lending (including reverse repurchase transactions).

3. Net Asset Value as at March 31, 2012

Scheme	Option	NAV asset value per unit (NAV) ₹
Union KBC Equity Fund	Growth Option	9.65
	Dividend Option	9.65
Union KBC Liquid Fund	Growth Option	1074.4189
	Dividend Option	
	Daily Dividend Frequency	1000.4938
	Weekly Dividend Frequency	1001.3953
	Fortnightly Dividend Frequency	1001.3952
	Monthly Dividend Frequency	1001.3953
Union KBC Tax Saver Scheme	Growth Option	11.21
	Dividend Option	11.21
Union KBC Dynamic Bond Fund	Growth Option	10.0742
	Dividend Option	10.0745

The net asset value disclosed above represents the computed NAV as on the balance sheet date and not the last declared NAV

4. Cost and Market/Fair value of investments are as under:
